17th February 2017

Dear Mr. Singh / Dear RSS Team,

We, Hartmann Offshore GmbH & Co. KG, are a german managing shipowner of AHTS and operating some of our vessels in Ghana since begin 2016.

With company RSS – Remote Site Services Ghana Ltd, we found a very reliable and polite local partner, as shipchandler / supplier, for our AHTS operating in Ghana.

The excellent quality of groceries supplied by company RSS by our vessels were reported by shipmasters, always in time with reasonable price levels for that area. As well other common goods / spares were dealed by them always in a very professional manner.

We are happy to recommend RSS – Resmote Site Services – to any other companies due to their continuous first class service.

Yours respectfully

Hartmann Offshore GmbH & Co. KG
